

# Continuing the Journey in Painting

With Rosalie Sidoti

**Rosalie Sidoti is known for her individualized teaching approach. Rosalie will tailor her instruction based on the personal objectives for each student, keeping in mind their personal goals.**

You will be guided on how to choose your own color palette and help take the mystery out of color mixing with her 2-color technique. The goal of this class is for students to reach a greater understanding of color and light and its effect on atmosphere. A more limited palette will be encouraged in order to create more cohesive paintings.

You will be taught the principles and elements of good design and emphasize the importance of color value and contrast to achieve harmony. **These techniques/ understandings apply to any genre/subject whether it is figure, landscape or still life painting.**
