

Nancy Jarvis

Nancy Jarvis lives and works as an artist in Newbury Mass. She has a BFA in Painting from Boston University's College of Fine Arts and is a member of the Newburyport, Rockport and North Shore Art Associations. In 2015 she received an award in painting from the North Shore Art Association in the fall Associate Artist show. Her work has been shown in National and Regional juried shows as well as being invited to participate in the 2016 Finger Lakes Plein Air Painting Competition. Living near the ocean and marshes of the North Shore has influenced her work in many ways. The long vistas and changing coloration of the marshes evoke a sense of peace which is evident in her work.
