

## Wenda Shelter

---

Wenda is the owner of Wenda Shelter Fine Art Studio, located at 14 Cedar Street Studios in Amesbury, MA. She has a degree in Fine Arts from the University of Virginia. Wenda's oil paintings consist primarily of New England landscapes and seascapes. As an artist who is inspired by the Luminist movement, her paintings are filled with color and light, and the sky is often the focal point in her work. As an artist, she strives to record small moments in time, fleeting light, fog-filled fields, poetic sunsets, rainy days and small quiet moments. She is a member of the Newburyport Art Association, Cape Cod Art Association and Marblehead Arts Association. Her paintings are in private collections throughout the country, and have won numerous awards. She is especially proud of having her work selected two years in a row to show at the prestigious Catharine Lorillard Wolf Annual Art Exhibition, held at the National Arts Club in New York City.
